Dear Tom,

Oct. 25, 2001  
10:30 P.M.

It's taken me ages to get back to you. I've been away alot visiting family and friends but finally went through Russ's stacks of papers, finding three pictures. Do you ever get, or have you seen the CNAC, Cannon Ball news letters. I have some and they tell of many interesting occurrences that happened at CNAC.

Did you ever receive anything from Jane Peasley? I've tried to phone her but not answered. I shall try again.

Have you ever seen the CNAC Calendars? I have a few.

Am leaving for Colorado Springs this Friday. Will return Nov. 8th. I'm sorry it's taken me so long to get back to you. By the way, apparently Russ became a CNAC Capt. while in China. Strange.

I will E-mail you from my grandaugh's computer when I return. My writing is a honor -- blame

2 -  
at on "Carpal Tunnel"!  
I promise to write soon if I  
hear from you.

Let's hope we all stay well  
with this new life of terrorism.  
my 24 year old grandson is a  
crew chief on the Beach Hawk - I  
think that's it - helicopter and  
is in Egypt now but we feel he  
will be sent elsewhere from there.  
I had no hopes that World War II  
was the end of war. many of my  
dear friends died for our freedom.

Take care. Keep in touch.

Sincerely,  
Edythe B.
