

# CHINA NATIONAL AVIATION CORPORATION

Dum Dum Aerodrome  
Calcutta

Ref: #WCM5-836

November 16, 1945

TO WHOM IT MAY CONCERN:

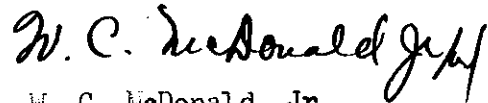

Due to the termination of CNAC's U.S. Army contract for carrying war supplies into China, it has been necessary to release a large group of our pilot personnel.

Capt. William Carter Dill is one of those being released. Capt. Dill has been with the company from October 9, 1944 to November 1, 1945 and during this period, he has flown 323-45 hours (40 round trips) as copilot and 501-45 hours (57 round trips) as first pilot. He has completed a total of 825-30 hours (97 round trips) across "the Hump" between India and China.

Capt. Dill's services as a pilot have been extremely satisfactory and his flying is above average. It is with pleasure that I recommend him for any flying position that is offered him.

Yours very truly,

CHINA NATIONAL AVIATION CORPORATION

W. C. McDonald, Jr.  
Chief Pilot
