

CNAC PILOTS AND CO-PILOTS

**This is a very long list of over 350 pilot's names.
 Several names are incomplete or misspelled.
 I need your help to make it complete and correct.
 All offers of help are appreciated.
 Thank you very much!**

As "Hump" pilots are identified, the "H=XXX" is the number of trips that particular pilot flew the "Hump".

An (*) next to the name indicates that the spelling and use of the name has been verified by the individual, their family or other documentation.

Dates listed under a pilots name are the years spent working for CNAC.

If no country is listed under the pilot's name, then for the time being, consider them from the United States. Thanks.
