March 13, 1945

Mr. Clark H. Minor, President
International General Electric Company, Inc.
570 Lexington Avenue
New York 22, New York

Dear Clark:

I was stunned yesterday to hear that the news has reached you finally that Carroll Grinnell was killed by the Japs. Everything that I remember about Grinnell adds up to the fact that he must have been the ideal Chairman of the Internees at Santo Tomas. He had courage, broad knowledge, and great respect for his fellow men. And added to this, of course, his knowledge of Japanese. He was selected for that task by the other Internees, and I have heard nothing but unrestrained praise for him.

I don't think I have had the pleasure of meeting Mrs. Grinnell, and certainly not his Sons, so I am taking this means of writing you, who are the Daddy of all I.G.E. men--yes, even ex-I.G.E. men--to convey my heartfelt sympathy to his associates and to his Family.

Sincerely,

That
